### *Introduction & Welcome Message*

Welcome to the 2018 Qatar Cross Country Rally! The only motorsport in which cars, motorbikes and quads all compete on the same track.

Cross-country rallies are designed to be staged over a variety of terrain and are intended to prove the skills and endurance of competitors, and the reliability of their machines. It is therefore with a great sense of excitement and pride that Qatar Motor and Motorcycle Federation, has the honor of hosting the Qatar Cross- Country Rally! We would like to extend a special thank you to Mr. Jean Todt the FIA President, for the direction and the support he has given to the development of the Cross-Country Rally discipline.

We have great pleasure in welcoming you to the desert landscapes of Qatar and we hope that our varied desert terrain of soft sand, of dunes, of hard and rocky ground all provide suitable challenges for our FIA World Cup and FIM World Championship contenders and competitors. This year we have five days of desert racing over new stages designed to test the driving, riding and especially the navigating skills over a total of almost 1380km of racing. So welcome to each and every one of you; teams, organizers, FIA officials, FIM officials, media, sponsors and spectators to participate in one of the most testing events in the world.

Once again, thank you for this opportunity and welcome to the 2018 Qatar Cross-Country Rally!

Sincerely yours,

Abdulrahman Al-Mannai  
President
