Article 8. Event format (updated - new texts underlined)

8.3 Each selective section will be composed by two consecutive laps over a circular route:

Round 5 - 2 laps x 73,07 = 146,14 km

Round 6 - 2 laps x 78,26 = 156,52 km

Clear tracks defined by a precise road book will be used for the purpose.

8.5 There will be two types of waypoints:

a) WPV (visible waypoint)

The exact location is given in the road book and shown in a GPS file provided by the organiser.

b) WPM (masqued waypoint)

Intended to check that the itinerary has been respected, its exact location is shown in the road book without any coordinates information.

8.8 The penalty for each waypoint non-validated will be:

a) WPV (visible waypoint) – 15 minutes

b) WPM (masqued waypoint) – 5 minutes

8.12 The maximum times allowed to complete the first lap and the entire selective section are as follows:

• 1st lap: 02h00

• Total stage: 03h30

8.14 Speed control zone

On Round 5 will be considered as 50 km/h speed control zones:

1. The start / finish area of the selective section,
2. The passage control zone
3. The area between kms 14,41 and 14,94.

On Round 6 will be considered as 50 km/h speed control zone:

1. The start / finish area of the selective section,

The beginning and the end of speed control zones 1 and 2 will be marked with a physical sign (FIA boards).

The beginning and the end of speed control zone 3 will not be marked

In all cases, there will be no tolerance zone.

In case of an infraction, article 23.9 of 2019 FIA Cross-Country Rally General Prescriptions applies.
